

# Dark End of the Street

**G D Em**

At the dark end of the street

**G D Em**

That's where we always meet

**G**

Hiding in the shadows

**C G**

Where we don't belong

**C**

Living in darkness

**D G**

To hide our wrong

**C G**

You and me, at the

**C D G**

Dark end of the street

**G**

I know time is

**D Em**

Gonna take it's toll

**G**

We have to pay for

**D Em**

The love that we stole

**G**

It's a sin and

**C            G**

We know it's wrong

**C**

Oh, but our love

**D            G**

Keeps coming on strong

**C    G**

Steal away, to the

**C    D            G**

Dark end of the street

**C    G    D**

Ummmmmmmmmmmm

**G**

They're gonna find us

**D**

They're gonna find us

**Em**

They're gonna find us

**G**

Lord, someday

**C G**

You and me, at the

**C D G**

Dark end of the street

**C G Eb**

You and me

**Ab Gm Fm**

And when the daylight hours rolls around

**Ab Gm Fm**

And by chance we're both downtown

**Ab**

If we should meet

**C# Ab**

Just walk on by

**C# Fm Eb Ab**

Oh darling, please don't cry

**Fm Ab**

Tonight we'll meet at

**G# C# Eb Ab**

The dark end of the street
