

I Breath In, I Breath Out - Chris Cangle

key: ?

Lately I've been runnin' into our old friends  
And somewhere in the small talk  
Someone always asks where you've been  
So I tell them what you told me  
And they can't believe we're through  
They ask me what I'm doin' now  
And incase you're wonderin' too.

G A

(chorus)

I breathe in and breathe out  
Put one foot in front of the other  
Take one day at a time, until you find  
I'm that someone you can't live without  
But until then I'll breathe in and breathe out

Now I've got every reason to find someone new

Cause you swore up and down to me

That I've seen the last of you

But the way you loved me

Girl it left me hopin' and holdin' on

So until this world stops turnin' round

And my heart believes that you're gone.

Yes were meant to be girl there's no doubt

And if it takes the rest of my life

For you to figure it out.

(repeat chorus) Key change A E D
